One Way Streets**

www.LaneLight.com

Driving the wrong way in one-way traffic or on the wrong side of the road factored into over 3 percent of all fatal crashes in the US. "

Radar or Loop Activation

Wrong-way crashes are often head-on collisions that are more likely to produce serious injuries and fatalities. Most of the time the offenders are confused, distracted, or intoxicated drivers who tend to keep their eyes on the road directly in front of them often not seeing roadside warning signs.
